

Memorandum of Resolution of Bricklayers and Allied Craftworkers Local 7 OHIO

Whereas, on March 31, 2020, the United States Congress introduced HR6422 known as the National Infrastructure Bank Act of 2020

Whereas HR6422 would create a government-owned bank that would lend up to \$4 Trillion to state and local governments to repair and upgrade public infrastructure in the United States.

Whereas HR6422 would create over 25 million new jobs and includes labor protections including Davis-Bacon wages.

Whereas HR6422 in including Davis Bacon provisions, would provide much needed funding for Multi-Employer pension plans through crucial infrastructure building in our nation.

Whereas HR6422 would help jump start the economy and create real long-term jobs with benefits for the working people of the United States.

Whereas the American Society of Civil Engineers (ASCE) stated in its 2017 report card that the United States received a D+ regarding the current state of infrastructure and estimates that \$4.5 trillion is needed to restore the nation's infrastructure to a satisfactory condition.

Whereas Bricklayers Local 7 located in Akron, Ohio, representing Summit and Portage counties in Ohio encourages our constituent locals and labor councils to support this measure.

Therefore, be it resolved that Bricklayers Local 7 Ohio supports HR6422 and calls on the united states congress to pass HR6422 to create a National infrastructure bank in order to finance urgently needed projects in both Ohio, and the United States.

Therefore, be it resolved that Bricklayers Local 7 OH shall copy congressional and senate members within Summit and Portage counties in Ohio, as well as the State Governor.
